the TRIS and ITRD database

Showing 1 - 25 of 86 records

1. **Use of GPR Method for Investigation of the Mass Movements Development on the Basis of the Landslide in Kałków** — 2016
Roads and Bridges - Drogi i Mosty, Volume 15, Issue 1, 2016, pp 61-70
Actions: Preview Abstract | View Full Document

2. **Design Principles and Testing of Internal Frost Resistance of Concrete for Road Structures - Critical Review** — 2016
Roads and Bridges - Drogi i Mosty, Volume 15, Issue 1, 2016, pp 21-43
Actions: Preview Abstract | View Full Document

3. **Methodology for Determining Traffic Volume for the Analysis of Roads Efficiency** — 2016
Roads and Bridges - Drogi i Mosty, Volume 15, Issue 1, 2016, pp 45-60
Actions: Preview Abstract | View Full Document

4. **Evaluation of the Two Methods of Determining Bulk Density of Sand: Tapping Fork Test and Vibrating Table Test** — 2016
Roads and Bridges - Drogi i Mosty, Volume 15, Issue 1, 2016, pp 5-20
Actions: Preview Abstract | View Full Document

5. **Evaluation of the Maximum Axial Force on a Cylindrical Shell Structure in Terms of Stability and Strength Using Fuzzy Quantities of Chosen Geometric Parameters** — 2016
Roads and Bridges - Drogi i Mosty, Volume 15, Issue 1, 2016, pp 71-81
Actions: Preview Abstract | View Full Document

6. **The Influence of Cracks on Changes in Stiffness Moduli of Asphalt Mixtures Based on In Situ Tests** — 2015
Roads and Bridges - Drogi i Mosty, Volume 14, Issue 4, 2015, pp 257-279
Actions: Preview Abstract | View Full Document

7. **Viaduct Construction with Movable Scaffolding System: Distribution of the Top Slab Weight** — 2015
Roads and Bridges - Drogi i Mosty, Volume 14, Issue 4, 2015, pp 241-255
Actions: Preview Abstract | View Full Document
